

Career Objective

Motivated and enthusiastic Artificial Intelligence and Data Science undergraduate with a strong foundation in programming, web development, machine learning, and problem-solving. Seeking an opportunity to apply my technical knowledge, analytical abilities, and collaborative skills in a dynamic organization while contributing to innovative projects, delivering impactful solutions, and continuously enhancing my professional and technical expertise.

Area of Interest

- Machine Learning
- Web Development -Frontend, Backend
- Data Science

Education

- Bachelor of Technology in Artificial Intelligence and Data Science** | Dr.Mahalingam College Of Engineering and Technology , Pollachi | 2023-2027 | 8.9
- HSC** | Nachiar Vidyalayam Matric Higher Secondary School| 88% | 2022-2023
- SSLC** | VRTGovernment Girls Higher Secondary School |2020- 2021

Skills

Technical Skills

- Programming Languages:** Java, Python
- Database Management:** MySQL
- Web Development:** HTML,CSS

Soft Skills

- Communication
- Teamwork
- Time Management

Projects

Secured Password Management

Aug, 2024

- Developed a secure password management system by implementing password vault concepts, hashing techniques, and Two-Factor Authentication (2FA) to enhance user credential security and reduce cybersecurity risks.

Driver Drowsiness Detection System

Feb, 2026

- Developed a Driver Drowsiness Detection System using Artificial Intelligence and Computer Vision to monitor driver alertness in real time, detect signs of fatigue, and trigger alerts to help prevent road accidents.

Modular Eco-Rider (Hardware)

Mar, 2025

- Designed and developed a sustainable modular three-wheeler with convertible passenger and cargo modes, featuring a dual-battery system with automatic switching and a dynamo-based self-charging mechanism for improved energy efficiency.

Internship

8 Queens Technologies - Full Stack Developer Intern, Chennai

June, 2025

- Developed responsive web applications using HTML, CSS, and JavaScript, contributed to the development of an E-Commerce Shopping Application, collaborated with the team to implement project requirements, and gained practical experience in frontend development, debugging, and software development practices.

Certifications

- NPTEL certification course in Public Speaking. July, 2024
- Introduction to GenAI and prompting in Letsupgrade. July, 2025

Achievements

- Runner-up in National level code-a-thon at KG college.
- Participated in TNWISE Womens Hackathon – 2025

Extracurricular Activities

- Joint Secretary at Citizen Consumer Club.
